Participation in tendering is open on equal terms to natural and legal persons (participating either individually or in a grouping (consortium) of tenderers) which are established in one of the Member States of the Union for the Mediterranean or in a country or territory authorised by the European Neighbourhood and Partnership instrument under which the contract is financed. Participation is also open to international organisations.

12. Candidature

All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply.

A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (i.e., the leader and all other members) are jointly and severally liable to the Contracting Authority.

The participation of an ineligible natural or legal person (as per item 11) will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

13. Number of applications

No more than one application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than one application, all applications in which that person has participated will be excluded.

14. Shortlist alliances prohibited

Any tenders received from tenderers comprising firms other than those mentioned in the short-listed application forms will be excluded from this restricted tender procedure unless prior approval from the Contracting Authority has been obtained (see Practical Guide – PRAG- 2.4.3.). Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

15. Grounds for exclusion

As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.3.3 of the PRAG.

Subcontracting is allowed.

17. Number of candidates to be short-listed

SELECTION AND AWARD CRITERIA

21. Selection criteria

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

- 1) **Economic and financial capacity** of candidate (based on item 3 of the application form). In case of candidate being a public body, equivalent information should be provided.
 - a) Average Annual turnover for the candidate² at least EUR 500,000.00 in the past three closed years (2014, 2015 and 2016).
- 2) **Professional capacity** of candidate (based on item 4 of the application form)
 - a) at least 5 staff currently work for the applicant in fields related to the proposed contract
 - b) at least 20% of all staff working for the candidate this year in fields related to the proposed contract are permanent.

² In the case of tenders submitted by a consortium, these selection criteria will be applied to the consortium as a whole.

- 3) **Technical capacity** of candidate (based on items 5 of the application form)
- a) a minimum of 5 related successfully completed references in similar projects, in the past three years
 - b) an IATA (International Air Transport Association: a trade association representing and serving the airline industry worldwide) licence number, specific for the execution of the contract, as well as a certificate from the relevant local authority for the field of travel management services (Spain). These documents should give the necessary guarantee that the provider complies with the rules and that no litigation is ongoing. These authorisations have to remain valid for the complete duration of the contract

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing a commitment on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility - notably that of nationality – and must fulfil the same relevant selection criteria as the economic operator. With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the works or services for which these capacities are required. With regard to economic and financial criteria, the entities upon whose capacity the tenderer relies, become jointly and severally liable for the performance of the contract.

4

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be reexamined to identify the eight best candidates. The only factors which will be taken into consideration during this re-examination are:

- the **average of the 3 highest economic value of references** in criteria 3a)

22. Award criteria

Best price-quality ratio.
