

Event # 3 – 14th November
THE CRUCIAL ROLE OF A MEDITERRANEAN PARTNERSHIP – RENEWABLE ENERGIES

PANELISTS

EDOARDO DELLAROLE has been Programme Committee Chairman of OMC Med Energy Conference since 2020.

He is presently Head of Electrification Cluster – Business Partner Energy Evolution in the Research and Technological Innovation Department at Eni. He holds a Master degree in Environmental Engineering, a PhD in Environmental Geo-Engineering and a Master in Business Administration. He has twenty years of experience in the Energy Industry with particular regard to General Management, Innovation, HSE and Technical consultancy.

EMANUELA MENICHETTI is Director of OME Renewable Energy Division

Emanuela Menichetti is the Director of the Electricity and Renewable Energy Division at the Observatoire Méditerranéen de l'Energie (OME, <http://www.ome.org>), a not-for-profit industry association of Mediterranean energy companies, based in Paris. Prior to joining OME in 2008, Mrs. Menichetti worked at the Energy Branch of the United Nations Environment Programme (UNEP) Division of Technology, Industry and Economics (DTIE) in Paris, and at Ambiente Italia, a leading environmental policy and analysis institute in Italy. She also worked as a consultant for various private and public organizations, and lectured for several university programmes. She has over 20 years of international experience in the field of renewable energy and sustainable development. An Environmental Economist, she received a PhD in Economics from the University of St. Gallen (Switzerland).

RÉMI GRUET is Chief Executive Officer of Ocean Energy Europe.

Rémi Gruet joined the European trade body for ocean energy in 2013. After 6 years in the private sector, he spent the last 15 years influencing the European political agenda, working both inside and outside EU institutions – notably the European Parliament, and European Wind Energy Association.

He is a leading authority on renewable energies, climate and environmental policy, authored and co-authored numerous reports, such as the *Wind energy and Climate policy*, or the *Ocean Energy Forum Roadmap* and “Powering Homes” reports.

He is a visiting lecturer on EU energy policy at the University for Political Science in Lille, France.

WALBURGA HEMETSBERGER is the CEO of Solar Power Europe since 2019.

She has over 20 years of professional experience in Brussels, working for a utility, trade association, the European Parliament and the European Commission. Walburga spent most of her career in the energy sector, covering in particular renewable energies and hydrogen.

GILES DICKSON is the Chief Executive Officer of WindEurope (formerly EWEA), a position he's held since 2015. WindEurope is the voice of the European wind industry. It represents the whole value chain of onshore and offshore wind across Europe and has more than 400 members. It engages Governments and other stakeholders on policy and regulation. It organises industry exhibitions, conferences and workshops. And it coordinates publicly-funded R&D in wind. Dickson is also Chairman of the Advisory Council of ENTSO-E and a Visiting Professor at the Bucharest School of Economics. Prior to joining WindEurope he was a UK civil servant for 16 years then ran public affairs at Alstom.
