**Name & Surname:**

ALBERTO BIANCARDI

**Organisation:**

GESTORE DEI SERVIZI ENERGETICI  
GSE SPA

**Role:**

Director of Studies, System  
Monitoring and International  
Relations

### Biography:

Director of the Department of Studies, System Monitoring and International Relations at GSE – Gestore dei Servizi Energetici Spa;

Secretary-general at AREL (Centre for Studies, Research and Legislation Agency).

Member of the Strategic Council of IWA – International Water Association from September 2017 to present

President of WAREG European Water Regulators from May 2015 to September 2018.

From April 2020 to present he is Member of the Board of Directors of the Electrical Energy Association (AEE) a company of "AEIT" - Italian

Association of Electrical, Electronics, Automation, Information and Communication Technology"

Commissioner of the Italian Regulatory Authority for Energy, Networks and Environment from February 2011 to August 2018.

He graduated from "L. Bocconi" University in Milan with a degree in Economic and Social Studies. With a background as economist, he served with the following institutions: AGCM (the Italian Antitrust Authority, the Italian Electricity and Gas Regulatory Authority, the Single Buyer (Acquirente Unico Spa), the Ministry for Industry and the Italian Prime Minister's Office. In the latter institution, he coordinated the NARS (the counselling unit operating with the Interministerial Committee for Economic Planning, or 'CIPE', on the regulatory themes related to network-infrastructure services). He also served with Eni and Enel (as the President's assistant).

From March 2007 to the current office, he served as: Director General of the Equalisation Fund for the Electricity Sector (CCSE); untenured Professor at the Genoa University, and Energy and Infrastructure Area Manager with AREL.

Alberto Biancardi is the author of numerous publications on public services and economic regulation. He is also non tenured Professor at "La Sapienza" University of Rome in the faculty of Economics, Energy and Environment.
