Tenderers must state their nationality in their tenders and provide the usual proof of nationality under their national legislation. Participation is also open to international organisations.

12. **Candidature**
All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply.

A consortium may be a permanent, legally established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (i.e., the leader and all other members) are jointly and severally liable to the contracting authority.

The participation of an ineligible natural or legal person (as per item 11) will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

13. **Number of applications**
No more than one application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than one application, all applications in which that person has participated will be excluded.

14. **Shortlist alliances prohibited**
Any tenders received from tenderers comprising firms other than those mentioned in the short-listed application forms will be excluded from this restricted tender procedure unless prior approval from the contracting authority has been obtained (see practical guide - PRAG - 2.6.3.). Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

15. **Grounds for exclusion**
As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.6.10.1 of the PRAG.
16. **Sub-contracting**  
Subcontracting is allowed.

21. **Selection criteria**  
The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

1) **Economic and financial capacity of candidate** (based on item 3 of the application form). In case of candidate being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three financial years for which accounts have been closed.
   - Average Annual turnover for the candidate\(^2\) at least EUR 400,000.00 in the past three closed years (2017, 2018 and 2019).

2) **Professional capacity of candidate** (based on item 4 of the application form)
   - At least 5 staff members of the candidates are permanent staff; and,
   - At least 2 of the permanent staff of the candidate have experience in organizing events.

\(^2\) In the case of tenders submitted by a consortium, these selection criteria will be applied to the consortium as a whole.
3) **Technical capacity of candidate** (based on items 5 of the application form). The reference period which will be taken into account will be the last three years preceding the submission deadline.

a) the candidate organised the logistics of **at least 10** conferences/seminars/meetings/trainings organized by public institutions over the past 3 years (15/09/2018 – 15/09/2021);

Important remarks:
— the candidate must give a description of the logistics tasks carried out for each of the event
— each reference must include at least 4 of the tasks listed in the Section 7 above
— reference projects must be minimum for 30% of the overall contract value carried out by the tenderer itself

Previous experience which caused breach of contract and termination by a contracting authority shall not be used as reference.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the tenderer relies on other entities it must prove to the contracting authority that it will have at its disposal the resources necessary for the performance of the contract by producing a commitment by those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility - notably that of nationality – and must comply with the selection criteria for which the economic operator relies on them. Furthermore, the data for this third entity for the relevant selection criterion should be included in the tender in a separate document. Proof of the capacity will also have to be provided when requested by the contracting authority.

With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the services for which these capacities are required.

With regard to economic and financial criteria, the entities upon whose capacity the tenderer relies become jointly and severally liable for the performance of the contract.

If more than 8 eligible candidates meet the above selection criteria, their relative strengths and weaknesses must be re-examined in order to rank their applications and identify the 8 best candidates in accordance with point 17 of this contract notice. The only additional comparative criteria that will be taken into consideration during this re-examination, in the order in which they appear below, are:

- the **average of the 3 highest economic value of conferences/seminars/meetings/trainings**
22. **Award criteria**

Best price-quality ratio.

**APPLICATION**

23. **Deadline for submission of applications**

The candidate attention is drawn to the fact that there are three different systems for sending applications: one is by post or private mail service, the other is by hand delivery.

In the first case, the application must be sent before the date and time limit for submission, as evidenced by the postmark or deposit slip\(^3\), but in the second case it is the acknowledgment of receipt given at the time of the delivery of the application that will serve as proof.

The deadline for receipt of applications is on **15/09/2021**, at **13:00** hours (Barcelona time).

Any application sent to the contracting authority after this deadline will not be considered.

The contracting authority may, for reasons of administrative efficiency, reject any application submitted on time to the postal service but received, for any reason beyond the contracting authority’s control, after the effective date of approval of the short-list report, if accepting applications that were submitted on time but arrived late would considerably delay the evaluation procedure or jeopardise decisions already taken and notified.

24. **Application format and details to be provided**

Applications must be submitted using the standard application form, the format and instructions of which must be strictly observed. The application form is available from the following Internet address: [https://ufmsecretariat.org/work-with-us/procurement/](https://ufmsecretariat.org/work-with-us/procurement/)

The application must be accompanied by a declaration of honour on exclusion and selection criteria using the template included with the standard application form.

Any additional documentation (brochure, letter, etc.) sent with an application will not be taken into consideration.

---

\(^3\) It is recommended to use registered mail in case the postmark would not be readable.
