Clima-Med: Acting for Climate in South Mediterranean

OBJECTIVES

To enhance energy security and adaptive capacity of partner countries while fostering their transition to low carbon and climate-resilient economy, thereby contributing to more stable, efficient, competitive and climate-resilient socioeconomic contexts.

Result 1: Enhanced capacities of ENI South partner countries to implement and regularly update Nationally Determined Contributions (NDCs), to develop adaptation and mitigation plans and increasing their knowledge and implementing abilities in the field of MRV (Measurement, Reporting and Verification) in collaboration with all relevant government bodies and with regional, national and subnational stakeholders.

Result 2: Increased number of local Sustainable Energy Access and Climate Action Plan (SEACAPs), including greenhouse gases inventories and climate vulnerability and risk assessments.

Result 3: Improved access to finance mechanisms for project beneficiaries.

BENEFICIARIES

- The project target beneficiaries are national and local authorities in ENI south countries: Algeria, Egypt, Israel, Jordan, Lebanon, Morocco, Palestine and Tunisia. The project will serve them through two offices, one in the Mashreq (Beirut, Lebanon) and one in the Maghreb region (Rabat, Morocco).

DURATION

48 months, starting June 2018 to June 2022

TOTAL COST

6,9 Million Euros

PROJECTS FOR PROGRESS

ACTIONS

Work Package 1. Improved climate change governance and mainstreaming climate action

- Develop coordination capacity on climate related policies
- Mainstream climate adaptation and actions into national strategies and policies
- Promote awareness raising and stakeholders dialogue and ensure project visibility and actions into national strategies and policies

Work Package 2: Sustainable local actions

- Assist local authorities in the design, implementation and monitoring of SEACAPs in cooperation with National Authorities
- Provide Helpdesk to the preparation of SEACAPs and act as the Covenant of Mayors in South Mediterranean (CoM Med).
- Ensure information dissemination and awareness raising.

Work Package 3: Access to finance for projects' implementation

- Formulate solid financing proposals at national level
- Support the implementation of concrete local sustainable actions
- Boost innovative Public-Private Partnerships

EXPECTED RESULTS

WP1: Improved climate change governance and mainstreaming climate action

- Stimulating ownership to embed coordination mechanisms
- Facilitating integrated responses to climate mainstreaming
- Integrated awareness-raising

WP2: Sustainable local actions

- Empowering the local authorities and assure partnership with NAs
- Innovative and tailored capacity building
- Enabling the growth of the CoM
- Establishing a climate action coalition of relevant actors

WP3: Access to finance for projects' implementation

- Translating plans into fundable programmes and projects
- Adopting innovative approaches to climate finance
- Building momentum on fast-track financing of projects

PROMOTER: European Union

PARTNERS

- Joint Research Center
- Global Covenant of Mayors
- National Authorities in 8 countries involved (key ministries and national actors in Climate Action)
- Over 200 Local authorities
- Non-State actors (e.g. universities and NGOs)

CONTRIBUTION: Fully funded by the EU
