

DATA FOR CLIMATE ACTION in the MEDITERRANEAN

25-26 October, 2021
Online event

Working together to meet data needs
and address climate challenges

Agenda

Day 1 – October 25th (9:30 am - 12:30 am CEST)

Climate challenges and data-informed solutions in the Mediterranean

9:00 **Virtual and physical rooms open**

9:30 **Introduction**
Carlo Buontempo, ECMWF
Grammenos Mastrojeni, Union for the Mediterranean

9:45 **Climate impacts in the Mediterranean: state of the art**
Kasia Marini (MedECC, Plan Bleu)

10:00 **Drivers of change: modelling progress and challenges**
George Zittis (Cyprus Institute, MedECC)

10:15 **C3S: turning climate data into climate information**
Chiara Cagnazzo, ECMWF

10:35 **Discussion**

10:50 **Coffee break**

11:00 **Case studies on climate data use in the Mediterranean**

Including presentations by

- **Ernesto Rodriguez-Camino** (MedCOF and MEDSCOPE)
- **Alessandro Dell'aquila** (MED-GOLD)
- **François Guerquin** (Plan Bleu)

- **Theodoros Christoudias** (Cyprus Institute)
- **Cyril Gourraud** (Center for Mediterranean Integration)

12:15 **Discussion**

12:30 **End of first day**

Day 2 – October 26th (9:30 am -12:30 am CEST)

Understanding data gaps and needs

9:00 **Virtual and physical rooms open**

9:30 **Welcome**

9:35 **Overview of sectoral challenges and actors tackling climate change in the Mediterranean**
Ramboll

09:50 **Breakout session 1: Sectoral challenges related to climate change and current use of data**
Interactive session using collaborative tools, facilitated by ECMWF

10:45 **Feedback**

11:00 **Coffee break**

11:15 **Breakout session 2: Gaps in data provision and user requirements**
Interactive session using collaborative tools, facilitated by ECMWF

12:00 **Feedback**

12:15 **Conclusion: moving from discussion to action**
Stijn Vermoote, ECMWF
Grammenos Mastrojeni, Union for the Mediterranean

12:30 **End of second day**
